

To the Members of the California State Assembly:

I am signing Assembly Bill 2654 because I agree with the objectives outlined in the bill. However, late opposition believes that this bill would amend rating factors currently used to determine auto insurance premiums specified in Proposition 103. Such a change would require a two-thirds vote of the Legislature, which this bill did not attain. While I believe this bill does not make such changes, the Legislature should address these concerns at the beginning of the next legislative session.

Sincerely,

Arnold Schwarzenegger
